Whether you're an Olympic downhill hopeful or a family out for fun on the slopes, Giants Ridge is the mountain to ski this winter. Centered in the heart of the Superior National Forest, the crest of the Laurentian Divide presents **spectacular vistas** and the entire mountain provides beginners to accomplished skiers a total of **34** fast, challenging runs. Snowboarders take flight over one of the **Midwest's finest half-pipes**.

This year you can ski-in and ski-out of our **SNOW lodge** located at the base of the slopes.

Six lifts—three doubles, two triples and a J-bar make it easy to get up the mountain almost as fast as you come down. **Record snowfalls**, quality skiing and our well-trained personnel have made Giants Ridge one of the finest **family ski resorts**.
