*Still waiting on confirmation of bus & lodging!!*

Whether you're an Olympic downhill hopeful or a family out for fun on the slopes, Giants Ridge is the mountain to ski this winter. Centered in the heart of the Superior National Forest, the crest of the Laurentian Divide presents **spectacular vistas** and the entire mountain provides beginners to accomplished skiers a total of **34** fast, challenging runs. Snowboarders take flight over one of the **Midwest's finest half-pipes**.

This year you can ski-in and ski-out of our **new lodge** located at the base of the slopes.

Six lifts—three doubles, two triples and a J-bar make it easy to get up the mountain almost as fast as you come down. **Record snowfalls**, quality skiing and our well-trained personnel have made Giants Ridge one of the finest **family ski resorts**.

**Downhill all  
the way**

*Enjoy a skiing  
Weekend Away!*

**Hill Party --- SUNDAY**

**SKI ESCAPE**

Nearly 70 kilometers of scenic, well-groomed cross country ski trails weave through the Superior National Forest at Giants Ridge. The system initially developed for intensive training by the USSA Ski Team presents long, gradual grades, **spectacular vistas** and roller coaster rides and a variety of challenges for beginners through accomplished skiers. Three kilometers of trails are lit for **night skiing**, and numerous trails are accessible by lift from the top of the mountain. Last year, the Sleeping Giant snowshoe-only trail opened to guests, next we will christen the Wynne Creek and Biwabik Spur trails which will feature 10 km of easier bi-directional skate and classical skiing.
